Youth Leadership Institute builds communities where young people and their adult allies come together to create positive community change that promotes social justice and racial equity. For over 20 years the Youth Leadership Institute has sparked the leadership of young people to solve pressing social issues and serve our communities. YLI's community-based programs are located in San Francisco, Marin, San Mateo, Merced and Fresno. In addition to serving five California counties, YLI provides customized trainings, consulting, evaluation, and technical assistance services nationally. YLI is committed to engaging and developing young people of color, low-income youth, and other non-traditional youth as researchers, advocates, and agents of social change. With support from YLI staff and through authentic partnerships with other key adult allies, young people build the skills necessary to research the issues that most affect them and their communities, develop campaigns to advocate for change, and partner with local stakeholders to implement these changes in their respective communities.

PRIMARY FUNCTION:

The Program Coordinator (PC) works in partnership with youth (ages 12 – 20) to organize, empower and mobilize youth and their communities to win real improvements for Marin County young people. The PC will train and support youth leaders to develop and deepen political consciousness, assess and understand issues impacting their health and well being, build relationships and partnerships with youth and community supporters, and drive countywide and local community campaigns that mobilize supporters, create long- term systems and/or policy change, and build power for future victories. The major function of this role is to recruit, retain and grow the policy advocacy campaigns focused on education equity, transportation justice, and health promotion work in Marin County.
